

EMPATHY MAP CANVAS Project Name: Online Complaint Registration and Management System

Date: 31 March 2026

User: Ravi — A citizen wanting to report a civic issue

THINK & FEEL:

- Will my complaint actually be heard and resolved?
- Worried about getting no response from authorities
- Wants quick resolution without multiple follow-ups
- Frustrated by delays and lack of transparency

HEAR:

- Friends say government portals are too complex
- People say complaints get ignored
- Others say no one follows up after filing
- Neighbours had same issues with no resolution

SEE:

- Water leaking on the street with no action taken
- No officer responding to the area
- Others using mobile apps to report issues
- Digital complaint portals available but confusing

SAY & DO:

- Registers complaint online with details
- Uploads photo as proof of the issue
- Tracks complaint status daily on dashboard
- Chats with assigned agent for updates
- Expects quick notification on progress

PAIN:

- No way to track complaint status
- Long waiting time for resolution
- No direct communication with responsible officer

GAIN:

- Easy online complaint filing from home
- Real-time status tracking on dashboard
- Direct chat with assigned agent
