

Project Design Phase-II
Solution Requirements (Functional & Non-functional)

Date	31 January 2025
Team ID	
Project Name	Online Complaint Registration and Management System
Maximum Marks	4 Marks

Functional Requirements:

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	User Registration	Registration through form (name, email, password) Secure password storage using encryption
FR-2	User Confirmation	Login using email and password JWT-based authentication
FR-3	Complaint Submission	User can submit complaint with title, description, and department Upload image as evidence
FR-4	Complaint Tracking	User can view complaint status (Pending, In Progress, Resolved) View complaint history
FR-5	Notifications	User receives updates on complaint status
FR-6	Dashboard	Display complaints based on user role (User/Agent/Admin)

Non-functional Requirements:

Following are the non-functional requirements of the proposed solution.

FR No.	Non-Functional Requirement	Description
NFR-1	Usability	The system should have a user-friendly interface with easy navigation using Bootstrap and Material UI
NFR-2	Security	User data must be secured using authentication (JWT) and encrypted passwords
NFR-3	Reliability	The system should handle multiple complaints without failure
NFR-4	Performance	Fast response time for API requests and database operations
NFR-5	Availability	System should be available 24/7 for users
NFR-6	Scalability	The system should support increasing number of users and complaints
